## RAKOLL® PUS 3060 RAKOLL® PUS 3500

### Polyurethane based Reactive Hot Melt Adhesives for Flat Lamination

For the bonding of typical wood-based materials, laminates and plastic materials, e.g. ABS, PVC, PC and others. Versatile application via roller, nozzle or spray.

#### RAKOLL® PUS 3060

**RAKOLL® PUS 3060** was developed to fulfil the market requirements for an economical product with extremely long open time, combined with good green strength for ease of use, even with high process complexity.

Long open time	Enhanced open time of up to 15 minutes, dependent on substrate enables the bonding of materials with complex assembly processes.
High initial strength	Despite the long open time the product provides good green strength for bond security.
Versatility	<b>RAKOLL® PUS 3060</b> shows strong adhesion to typical substrates including plastics such as PVC, ABS, GRP, and others.
High thermal stability	High thermal stability of up to +140°C achieved after complete curing so ideal for laminates requiring heat resistance.
Durable	Stable on the roller for up to 90 minutes for optimal coat weight control.

### RAKOLL® PUS 3500

**RAKOLL® PUS 3500** provides long open time and high green strength for easy processing and bond security even on certain high memory laminates.

Long open time	Open time of up to 4 minutes for easy processing.
High initial strength	<b>RAKOLL® PUS 3500</b> provides high green strength for bond security even on material with a certain high memory effect.
Versatility	<b>RAKOLL® PUS 3500</b> shows excellent adhesion to the typical substrates including plastics like PVC, ABS, GRP and others.
High thermal stability	Depending on the substrates heat resistance up to +150 °C can be achieved so suitable for laminates requiring heat resistance.
Durable	Stable on the roller for up to 90 minutes for optimal coat weight control.
High Gloss	Suitable to laminate high gloss substrates.

### Collaborating for Greater Success

With the full strength of our innovation, performance and knowledge behind you, H.B. Fuller works tirelessly to invent new products and tailor formulations to help you achieve greater success.

As your focused partner, H.B. Fuller delivers the technical support and value adding solutions you need. Do you have a specific challenge that H.B. Fuller can help you navigate? We're eager to be your partner for adhesives and solutions.

## Our Focus is Clear. Perfecting Adhesives.
